Subject: Microsoft Settlement

I have spent some time looking at the Settlement between the DOJ/State AGs and Microsoft. While i have serious doubts about the wisdom of bringing this lawsuit in the first place and whereas i have some reservations about the strength and precedent of the remedies I certainly want this whole nightmare behind us. It s time for those of us in the high-tech industry to get back to work. Thanks. I know it took a lot of sweat and long hours to produce. Americans are grateful for that. Tim
